## WHY FERTILIZE?

Almost 90% of all lawn failures can be traced to lack of fertilization. Grasses to grow and thrive must be supplied with plant food.

## WHY STOCK AND SELL FAITH FERTILIZERS

1. They are designed as a grass rather than a plant food.
2. They are cheaper to use. Effective application is from one-quarter to one-half as much as ordinary commercial fertilizers.
3. They will not burn or otherwise injure the lawn. The high organic content makes them slow-acting and long lasting.
4. Faith Soil Food gives added protection by eliminating insect pests.
5. In order to give full service to your customers, a fertilizer sale should accompany a lawn seed sale.

### QUANTITY DISCOUNTS

1000 - 2000 lbs. ....	5%	} From Prices listed Below
2000 lbs. and over.....	10%
